Description

Zip-up sweatshirt for men/boys. This jacket is suitable for sports training, for after exercising, or even for daily use. It is especially comfortable for soccer and futsal training and warm-ups. With it, the footballer will stay warm without limiting their freedom of movement.

It features an adjustable hood with flat drawstrings and non-zippered pockets to store small items and stylize the garment. The cuffs and hem are made of ribbed material to provide a comfortable fit and better insulation from the cold. In addition, the sleeves are raglan style, which contributes to freedom of movement. By eliminating shoulder seams, the shirt is easy to move in and very comfortable.

It incorporates fleece on the inside, a soft and warm fabric, which helps maintain warmth during training in low temperatures and maximize comfort. Additionally, the outer fabric of the garment has been crafted with a durable material to extend its lifespan.

It has a simple and minimalist design with contrasting sleeves. Very easy to pair with a tracksuit bottom to complete the tracksuit.

*Cords are not included in Junior sizes
